EXPLANATION

4 This bill amends a provision in Code chapter 166D which
5 provides for the control, movement, and eradication of
6 pseudorabies, a disease afflicting swine populations.
7 Pseudorabies regulations are administered by the department
8 of agriculture and land stewardship. The bill eliminates a
9 provision that requires that swine returning from an exhibition
10 to its home or moved to a purchaser's herd following an
11 exhibition or consignment sale must be isolated and retested
12 negative for the disease within 60 days after reaching its
13 destination.
